The School of Dental Medicine is pleased to announce that we are now accepting online registration and payment for Continuing Education events, including the Annual T.F. Bowser Memorial Lecture.

To register online please visit our Web site dental.pitt.edu/continuing-education and select the course you wish to attend from our course list. You may register for more than one course at a time.

Other Ways to Register:

Mail: Mail the registration form, with your check or credit card information, to the address on the form. VISA, MasterCard and Discover are accepted.

Telephone: You may call us at 412-648-8370 to register using a credit card.

The T.F. Bowser Memorial Lecture Series was established in 1995 by Dr. Ellsworth T. Bowser to honor his father, Dr. Theodore Bowser (DDS '24). The series has featured notable speakers on a variety of topics and is the School of Dental Medicine Center for Continuing Education’s most well-respected and well-attended continuing education event.
Join us as David Meinz, ‘America’s Personal Health Improvement Expert,’ shares the latest information on what you need to know about the oral and systemic health connection, sugar substitutes, vitamin supplements, and the future potential role of dental professionals in total patient care. You’ll learn the best and worst foods for teeth, how to increase your personal energy and much more. He will present practical information to help dental professionals practice in the twenty-first century.

This presentation will include:

- Update on the Oral-Systemic Health Connection
- Sugar Substitutes—Hype or Hope?
- The Truth About Dietary Supplements—The 4 Essentials
- The New Approach to Cardiovascular Disease Prevention—Dentistry’s Role
- Dentistry in the 21st Century

Upon completion of this course, participants will:

- be able to explain the cases for and against the oral and systemic health connection
- understand sugar substitute options and identify which have direct, whole health implications
- differentiate between basic vitamin supplement needs and marketing claims
- grasp the concept of lumenology vs. arteriology in cardiovascular disease prevention
- appreciate the potential for dentistry in preventive total patient care

Saturday, March 21, 2015, 8:30 a.m., in Auditorium 5 and 6 at Scaife Hall in the School of Medicine

For more information or if you have questions, please contact Diane Fleishman at 412-648-8370 or fax at 412-383-9069

David L. Meinz, MS, RD, FADA, CSP

Nutritionist David Meinz speaks nationally to dental groups and associations and is a contributing editor for the Journal of the Academy of General Dentistry. David’s formal education includes a Master’s Degree in Human Nutrition from the University of Missouri, and status as a Registered Dietitian and Fellow in the Academy of Nutrition and Dietetics (FAND).

He is also a Certified Speaking Professional (CSP) in the National Speaker’s Association. He is a contributing author of the audio learning series Healthy Dentistry. He has presented to more than 250 dental groups.
