

## Policy on Bloodborne and Infectious Disease

- The following immunizations must be completed prior to matriculation in the school. Specific proof of immunizations is required and may consist of copies of personal records, school records, or doctors' records or correspondence.
  1. MMR – Measles, Mumps, Rubella – two doses required
    - Or MMRV – Measles, Mumps, Rubella, Varicella – two doses required
    - Or Measles OR MMR/MMVR
    - Or Mumps OR MMR/MMVR
    - Or Rubella OR MMR/MMRV – (disease history or vaccination)
  2. Varicella disease history, or two doses of vaccine
  3. Meningococcal Quadrivalent – highly recommended
  4. Hepatitis B three doses of the vaccine AND positive titer results. Hepatitis B immunity must be established before you can participate in clinical experiences. Hepatitis B immunity is required for matriculation. Results of Hepatitis B antibody titer must be submitted at the time of first deposit.
  5. Tuberculosis Skin Test – a two-step TB skin test or Quantiferon Gold Blood Test is required at time of matriculation. Please refer to the Tuberculosis Testing Policy in the Clinical Policies and Procedures section of Clinical Manual.
  6. If vaccinated with BCG (Bacillus of Calmette-Guerin), OR if TB skin test is positive:
    - If vaccinated as a child and have not been skin tested as an adult, a two-step tuberculin test and results report is required. 17
    - If vaccinated OR have a documented history of a tuberculin skin test greater than 10mm, you must have a chest X-ray and provide results of the X-ray.
    - If the individual has taken INH, a documented history of treatment is required.

The school requires residents/students to have yearly immunization against influenza. Documentation of immunization, tuberculin testing and health insurance shall be included in the resident's/student's credentialing record.

- It is the policy of the program to make this information available to applicants to the program and to patients, at their request.
  - a. This policy is provided by the program director or administrative staff to the students/residents, faculty and appropriate support staff at the beginning of the Resident Academic year. Residents must acknowledge receipt.
  - b. Compliance is monitored by departmental administrators of the Department of Diagnostic Sciences.
  - c. This policy is posted on a public-facing web-page, and is thus available to applicants for admission and patients should a request to review the policy be made.
