Lab News

The 5th AADR Fall Focused Symposium will be held at the University of Pittsburgh on November 16th and 17th of this year. The title of this year's meeting is "Translational Genetics - Advancing Fronts for Craniofacial Health." The following speakers will represent the University of Pittsburgh at the symposium:

Keynote Address: "The Push for Translational Sciences" Dr. Art Levine, Vice Chancellor of Health Sciences and Dean of School of Medicine

"Caries: From Genes to Clinical Applications" Alexandre R. Vieira, Associate Professor

"Blocking Stats to Stop Head and Neck Cancer" Jennifer Grandis, Professor

"Cleft Lip and Palate: From SNPs to Diagnostic Testing?" Mary Marazita, Professor and Associate Dean for Research

Keynote Address: "Development of Whole Organism Drug Discovery" Michael Tsang, Associate Professor

The symposium will be held in the O'Hara Student Center. Originally the Concordia Club, the O'Hara Student Center was built in 1913 by leading Pittsburgh architect, Charles Bickel. Under the University of Pittsburgh's ownership, the O'Hara Student Center houses academic and student activity programs and lounges.

Please visit the AADR website (aadronline.org) for more information. The deadline for poster submissions is September 28th.
