Lab News

CONGRATULATIONS TO DR. FLAVIA MARTINEZ DE CARVALHO!

On behalf of the entire Vieira Lab, we would like to congratulate Flavia Martinez de Carvalho for successfully defending her thesis, titled "Fine Mapping of Locus 1q2.2-1q31.3 in Families Segregating Aggressive Periodontitis." The defense took place on October 9, 2010, in the State University of Rio de Janeiro. Dr. Carvalho came to the Vieira Lab for one year from the summer of 2008 to the summer of 2009 to complete her research for her thesis, and worked closely with Dr. Vieira, who was part of the thesis committee.

Dr. Carvalho received her Ph.D. from the Periodontics Department at the Rio de Janeiro State University, School of Dentistry.

Dr. Carvalho was a welcomed asset to the Vieira Lab not only as a research associate, but as a valued coworker and friend. We are all proud of her and applaud her for her dedication and hard work!

Dr. Carvalho with her mentor, Dr. Eduardo Tinoco, and Dr. Vieira
