Lab News

Congratulations to Kathleen Deeley on 15 years of service with the University of Pittsburgh and the Vieira Lab! We had a beautiful celebration on Friday evening, November 22, at the Cathedral of Learning's Babcock Room on the 40th floor. Kathleen's work in the lab has been key to the success of the Vieira Lab over the years. We welcomed a few of Kathleen's past coworkers at our party. Jill Schaefer was the first DRDR coordinator in 2006. Louise Platt was the coordinator of the Dental CTCRC while it existed. Mariana Bezamat was a visiting scholar from 2012 to 2013 and is now an Oral Biology PhD student. Piper Dizak, now a first year resident in pediatric dentistry and dental graduate in the class of 2019, was a freshman at Pitt when she started in the lab 9 years ago. Thank you to all who attended to celebrate Kathleen's career at Pitt!
